Vroom vroom Paris eat kibble moon
matchstick high lies starving a cry
cough granny halo plan mal granny sigh
Melting god ice cream El Salvador womb

Cry bye sponge on cream everlasting
word spurt starve fur reticular thrills
China wall painted by us on pills
No more cure for that kind of fasting

Cement hour pome shoes hillbilly shill
euphonic emergency to screech i' th' sky
sand is good eye in weir dice testing
Bloody lost bank account, bye Cameroon
